RSPA STRATEGIC PLAN: 2013-2017

Missouri State University

College of Health and Human Services (CHHS): Develop, assess and maintain quality educational programs consistent with the CHHS mission and University goals.

RSPA GOAL 1: RSPA will evaluate and strengthen its undergraduate program.

Strategy: In order to ensure a quality program, the department will maintain established accreditation standards and routinely evaluate future accreditation needs.				
Persons Responsible	Measurable Objectives/Outcome	Resources Needed	Target/	
			Measurement Dates	
RSPA faculty, majors,	1. Conduct a SWOT exercise for program improvement and	Workshop date	Fall 2014 after some data	
alumni and practitioner	development.		collection can be included	
focus groups	Response: Faculty felt the value of this exercise would be			
	better served in fall 2015 after the Council on Accreditation			
	for Parks, Recreation, Tourism and Related Professions			
	hearing in September that could provide the program helpful			
	feedback for this exercise.			
RSPA faculty and students	Review senior exit feedback for curriculum improvement	Graduating seniors reporting	Annually May	
RSPA faculty and	3. Review, revise or add Outcome Objectives for COAPRT 7.0	Analysis of data collection of current 7.0	Annually May	
practitioner's feedback.	series to better reflect programmatic changes or improvement.	series		
r	Response: No new outcomes added to the initial assessment			
	plan, but rubrics for REC 211Principles of Outdoor			
	Recreation, REC 311 Outdoor/Adventure Pursuits, and REC			
	422 Recreation Facility and Area Management expected to be			
	revised.			
RSPA faculty, students and	4. Redesign curricular program that is more reflective of the	Faculty time	Fall 2015/Spring 2016	
practitioner focus group	COAPRT 2013 Accreditation Guidelines.			
	Response: Target date revised in order to include COAPRT			
	recommendations at Fall 15 Accreditation Hearing at NRPA			
Program Director	5. Intern students will achieve an overall mean of 4.0+	Final Evaluations	Fall, Spring, Summer	
	(5 point scale) or better from their final evaluation.			
	Response: Current data posted in our COAPRT report supports			
	this goal.			
RSPA faculty	6. All faculty and staff will be Master Advisor qualified	Attend workshop and maintain CEUs	Annually	
	Response: All three FT faculty retain Master Advisor status.			
Program Director	7. To maintain six year graduation rate at 85% or better	Institutional research report	Summers	

	Response: This data will be compiled after Summer		
	graduation in fall to include AY14-15.		
RSPA faculty	8. Identify 5 new internship placement sites annually for	Faculty and majors	Annually September
	Sports Administration option.		
	Response: Will report with the internship placements sites at		
	the end of summer term 2015.		
RSPA faculty	9. Provide additional Sports focus courses for Sports Adm.	Feedback from Sports Adm interns	This planning cycle
	option.		
	Response: Program will offer a special topics class for		
	summer 2015: Current Issues in Sports.		
Faculty, Administration	10. To add a Master's Degree option in Recreation	Faculty Time, GA Funding	This planning cycle
	Response: Will need to address faculty staffing needs for		
	delivering the undergraduate program before other future		
	programmatic considerations.		
RSPA faculty	11. Curricular feedback, post internship identifying strengths or	Evaluation materials in internship packet	Summers
	weaknesses of preparedness for internship duties and		
	responsibilities.		
	Response: This data is compiled for review during early fall		
	faculty meetings. COAPRT recommendations will also		
	become part of that discussion.		

CHHS: Develop relationships with internal and external constituencies to support academic programs and to fulfill our public affairs mission.

RSPA GOAL 2: To establish new initiatives within the Program to improve the quality of student and faculty engagement resulting in contributions to the profession and community partners.

Strategy: In supporting new initiatives, the RSPA program will seek new opportunities to broaden student visibility and applications beyond campus and Springfield.				
Persons Responsible Measurable Objectives/Outcomes Resources Needed Target/				
			Measurement Dates	

RSPA faculty and students	1. Consider establishing a graduation requirement for students to engage in specific number of community or professional hours. Response: This has been informal faculty discussions on multiple occasions, to develop a plan with intent that would encourage students to engage in the public affairs mission as part of their formal educational experience. Revise timeline to also consider COAPRT feedback as part of any future plans in this area.	Curricular process	Fall 15
RSPA faculty and students	2. Increase the number of students that attend state or national conferences in respective RSPA career fields. Response: This is likely to also be linked to 2.01 above. Historically proximity to Springfield is always a deciding factor. MPRA will be in Springfield 2/15 and we have 60 students signed up for the conference the most since it was here 7 years ago.	Promote in classes and consider incentive motive	Annually, ongoing
RSPA faculty and students	3. Utilize social media for ongoing student input and program initiatives for professional development and public affairs activities. Response: Currently social media primarily used to post job announcements we forward to students, or for them to communicate about joint class assignments or projects. We hope to have students take a lead role in how this could be facilitated. COAPRT report could serve as a springboard for this discussion.	Faculty and RSPAA majors club	Ongoing
RSPA faculty and students	4. Develop an opportunity for a program/cultural exchange to China for faculty and/or students. Response: Dr. Gibson was the sponsor for an international outdoor experience to Australia for Summer 2015 through the MSU Study Abroad program but did not gather sufficient student interest to go. This would require lengthy planning and strategy for funding to be successful, but still a goal with our sister campus in China.	Provost office, China partner university	At least once over the strategic planning cycle
RSPA faculty and students	5. Establish a service or research contract with a leisure/ recreation organization to generate revenue/in-kind benefits Response: Most likely a project that would have the most potential for the REC 330 Leisure Research Applications course. Nothing to report at this time.	Networking with recreation organizations	Establish a minimum of one per year

RSPA faculty and students	6. Host one special event activity a year that could serve as a	Faculty time	Ongoing, Annual
	recruitment or public affairs activity.		report
	Response: Ongoingthis has potential to partner with campus		
	recreation and is also dependent on major's club leadership to be		
	successful. Priority this academic year has been the COAPART		
	preparations and need for faculty replacement for program		
	support. Being short 25% is significant loss of workload support.		
RSPA faculty and students	7. Faculty and students will be active in professional and/or	Faculty and student time	Ongoing, Annual
	community service and public affairs opportunities		report
	Response:		

CHHS: Recruit, retain and support quality students who will become engaged citizens committed to using their education to fulfill the CHHS mission and University goals.

RSPA GOAL 3: To provide diverse opportunities for RSPA faculty and students to develop professionally by contributing to the knowledge of the professional field.

Strategy: The RSPA Program will identify ways in which public affairs initiatives, and celebration of human diversity (broadly defined) are integrated into the undergraduate major curriculum. This integration may include service learning experiences and/or learning activities that take place at service learning placement sites, practicum and internship sites.

	Resources Needed existing and new community	Target/ Measurement Dates Annual report (Fall)
	existing and new community	
	existing and new community	Annual report (Fall)
existing courses and/or to incorporate service learning activities into existing courses. Response: Initial steps taken in this direction with submission of new course REC 300 Service Learning in Recreation, Sports, and Park Administration that will add a "component" service learning to the existing "integrated" already available in some course.		

RSPA faculty	2. Provide opportunities for interaction through guest speakers in classes to discuss timely regional, national, and global professional issues. Response: Some of this already occurs depending on the course, subject matter and guest speaker, but faculty wish to include quest speakers that will share with classes the issues and challenges they currently facing from a pragmatic professional standpoint to help students better understand the dynamics of delivering recreation programs and services in today's society—ongoing.	Community practitioners and visitor log	Annual report
RSPA faculty	3. All faculty will engage in scholarly endeavors. Response: Faculty are active with the time they have available. With the loss of clerical support faculty have had to take on individual workload they never had before. Two faculty with expectations for future promotion to full professor and potential new hire means the addition of another young scholar—ongoing see faculty vitae.	Faculty time	Annual report
RSPA faculty and students	4. Students and/or faculty will make at least one professional presentation to a constituency group each semester. Response: In Strategic Plan 08-12 faculty compiled 19 presentations over 12 semesters, with no presentations in 4 semesters. Faculty do not always have control over timing of submissions and acceptance. This is believe to be a reasonable record for just three faculty reporting. With two and potentially a third (junior faculty member to hire) moving towards promotion, published scholarship is the faculty priority. It would be a more reasonable goal to include all scholarly work as measureable markers for each semester.	Faculty and student time	Annual report
RSPA faculty	5. Continue to maintain the highest student attendance among all Missouri university programs at MPRA Young Professional fall workshop and MPRA conference as room hosts. Response: We do not have a good tracking system to document this and are working with the MPRA staff to be able to generate an attendance report of these two events for the future. Reporting of this will begin with the MPRA conference February 2015.	Faculty and RSPAA Majors club	Annual report

CHHS: Recruit, retain and support quality students who will become engaged citizens committed to using their education to fulfill the CHHS mission

RSPA GOAL 4: To prepare well rounded and highly qualified graduates to meet the expectations and demands of the profession.

Strategy: To establish the success of our students by validating the level of skill and knowledge they demonstrate among their peers and against national standards.				
Persons Responsible	Measurable Objectives/Outcome	Resources Needed	Target/ Measurement Dates	
RSPA faculty	1. Consider raising GPA for admission, retention and internship placement. Response: This has been part of informal discussion and faculty meetings. There is agreement at this time to submit a program change to require a "C" or better grade for all REC course. Further discussion is being considered with regards to establishing a new GPA requirement from the current 2.2 to register for internship. Since these two components are programmatically link further discussion and their implications are under consideration looking at threshold data from previous semesters.	Institutional Research data	Fall/Spring 13/14	
RSPA faculty and students	2. Establish a student advisory board to assist with accreditation preparation and host visiting team. Response: At this time students in REC 490 Orientation to Internship and REC 423 Administration of Recreation, Sport, and Park Agencies, both senior level classes, have had the most opportunity to be included in this process with more involvement prior to the arrival of the COAPRT visitors.	Majors	Fall 14/Sp15	

RSPA faculty, students and	3. Ninety percent of REC 491 majors will attain a "B" grade or	Final grades	Annual report
practitioners	better.		
	Response: Data through Fall 2014 is included in COAPRT report		
	and exceeds this goal. Tracking of AY 2014-15 will occur in		
	August 2015.		
Internship Coordinator,	4. Evaluate field work placements for quality of experience.	Student feedback and faculty time	Ongoing/Annual report
faculty, and students	Response: This is an ongoing process as part of the review of		
	student internship portfolio, student reflection of agency and		
	experience, and post internship debrief meeting. Data through		
	Fall 2014 is included in COAPRT report. Tracking of AY 2014-		
	15 will occur in August 2015.		
Faculty and students	5. Increase full time employment in the field by 5%	Career Planning and Placement Data	Annually
	Response: This has been a difficult if not impossible means to		
	measure since we are dependent on graduates self-reporting to		
	the program faculty or MSU Career Center. Extensive efforts		
	were made for the COAPRT review that produced little reportable		
	data to establish a benchmark or determine employment		
	placements.		
Faculty and students	6. Increase the number of graduates that pursue Masters education.	Self-reporting	Annually

CHHS: Nurture--among students, faculty, and staff--an inclusive educational environment enriched by respect for diverse capabilities, backgrounds, thoughts and values

RSPA GOAL 5: To provide students with a variety of diverse academic and community experiences to better prepare them to meet and value community and cultural needs beyond their own cultural context.

Program Director 1. Meet or exceed the percentage of diversity representation of majors in the program as is reflected on campus. Response: Data reported in COAPRT report that the program reflects 60/40 Caucasian/minority ratio compared to campus values of 70/30. Faculty 2. Students will complete online diversity training for cultural and/or disabilities. Response: Ongoing-the training module "In Their Shoes" previously used by the university is no longer available. The program is working with MSU H.R., Disability Resource Center, and Division for Diversity an Inclusion for an appropriate alternative. Faculty and students 3. Students will have the opportunity to interact with faculty and practitioners regarding ethical case studies as part of class discussion or field experiences. Response: Ongoing, his is an expectation we hope to include with guest speakers in class from their own experience that can become part of the classroom experience. Currently, printed content related case studies from journals or textbooks are used as points of discussion, but students are more likely to engage with a case study experienced by a guest professional. Likely linked with 3.02 guest speaker opportunities in this report. RSPA faculty and students 4. Guest speakers will represent diversity reflective of the university, program and community.	Strategy: Give students classroom experiences that required them to place values on community diversity factors they may not have previously considered.
